POSTAL REGULATORY  
COMMISSION  
OFFICE OF THE COMPTROLLER

Dear Commissioners:

This tax payer strongly opposes Mr. DeJoy's proposed ten year plan.

Here's a few examples why:

As a correspondent, I want exceptional, not less than adequate service. Thus we need to open more Post Offices, not shut any down. To this end also, I oppose slowing down First Class Mail by eliminating air services.

As an addressee, like many tax payers, I highly value getting medication by mail in a *timely* manner. As a grandparent, I value my grandchildren receiving age appropriate reading/educational materials via a *dependable and highly anticipated* monthly delivery. Covid 19 issues only enhance these appreciations.

At the same time, Post Master DeJoy's vested self interest in privatizing this iconic service is surely obvious to each and every one of you. In meeting the needs of "We the people..." it is your charge to keep The United States Post Office strong and viable. Indeed you are mandated to "...foster a vital and efficient *universal* mail system." Don't use your vote to enable Mr. DeJoy to further decimate it.

Sincerely yours,

Bonnie Schiller
